

The sad news that retired Continental Captain Jim Richman took his last flight West last Thursday was just received from Golden Eagles member Jim Caldwell. Jim`s email is posted below.

*Hi Dave*

*I received an email from Dick Pekrul that Jim Richman flew west on Thursday. He apparently passed as a result of prostate cancer.*

*Jim was one of the first pilots I flew with, as a new hire, in 1968. We always had some great trips together and I will always remember him as one of the great LAX pilots.*

*Jim Caldwell*

While Captain Richman was not a Golden Eagles member, we are providing this notice of his passing to our members as a courtesy to his family, his friends and those who may have flown with him during their career. The Golden Eagles sends condolences to Jim`s family and wishes them peace and comfort at this difficult time.

Additional information will be provided as it is received.
