

Posted below are more remembrances from our members regarding the recent flights West of Captain Jim Richman and Captain Mark Meyer.

**From Walt Olsen, re Jim Richman:**

I first met Jim in 1963 when he was a young flight instructor and I a student pilot at San Fernando Airport , California. His wore his humor and smile then and also on his retirement flight that I had the pleasure to be on. An avid sailor and professional pilot from whom I always enjoyed his counsel. God speed.

**From Diane Myers, re Mark Meyer:**

Very sad news. Mark always had a positive attitude and big smile
