

The August issue of the Golden Eagles magazine, the Golden Contrails, has been uploaded to the Golden Eagles website, www.thegoldeneagles.org, and can be accessed by going to the "Contrails" section of the website and clicking on the "Magazine Download" prompt. The new password for accessing the magazine and the member rosters is **wing**. The magazine has also been mailed to those members who have elected to receive the hard copy issue via US Mail rather than electronically.

Please make note of the new password, **wing**, all lower case, for accessing the Golden Contrails magazine and the member rosters.

Thanks to our Secretary/Magazine Editor/database manager Gary Small for all the work he has devoted to publishing the Golden Contrails. Please continue to submit articles, stories, photos or any other material that you feel may be appropriate for inclusion in future Golden Contrails issues and don't forget the new "Crew Room" feature to be included in future issues. Details of the "Crew Room" program can be found on the Golden Eagles website under the Contrails section. We encourage our members to fill out and submit the Crew Room form on the website with a brief update of your status and activities for those who might be interested in what is happening "in your world".
