

The Celebration of Life gathering for Chester James was held yesterday (December 15) in Ft. Collins Colorado. Although it was a somber event, as to be expected with the still grieving family, there was also the sharing of more than a few "Chester" stories, which brought smiles to everyone.

It was not only an event of remembrance, but also a gathering of many of us who felt privileged to be among his "wingmen". Golden Eagles member Dave Earnest, who has been instrumental in keeping us informed prior to and after Chester's flight West, forwarded these photos of the gathering.
