

Tributes to Captain Bill Leeper continue to come in. They will be shared with our members for as long as they continue to arrive.

Dick Floriani:

Bill Leeper was an honorable man. He was of the highest character. He was a role model for countless pilots. He was of unflappable demeanor. He was an outstanding professional aviator. His perpetual, uplifting smile was always a joy to encounter. He was a classmate and good friend. He will be missed by many.

Bob Warner:

I knew Bill as a friend and mentor for over 52 years. In addition to his numerous accomplishments with the company and all of aviation, he was a great historian. He shared his knowledge and expertise with the United Airlines (Continental) Historical Foundation as well as the Vintage Aircraft Flying Museum at the Platte Valley Airport.

He, along with a fellow Littleton Library and Historical Museum historian, presented an outstanding program for our South Platte Valley Historical Society at the historic Fort Lupton which we hoped might be an annual activity. Bill was an outstanding aviator, gentleman, citizen and friend. We will miss him greatly.
