Golden Eagles
Hill Country LAC

Hello members of the Hill Country LAC,

I have had a couple of inquiries asking if we are still having the quarterly luncheon at the Pecan Street Brewery in Johnson City on Wednesday, April 18, at 1130. The answer is **HELL YES**! Just like last time the dance hall in the back has been reserved and the staff is ready and anxious to serve us with really good chow and service once again.

The hope is that those who could not make the last luncheon will be able to join us this time. I don`t have any update on whether Carey McWilliams ever found his silly cap or not; maybe they are holding it there for him and using it for a target for the dart games. Also Ray Booth left his baseball cap last time, but it

was pretty nice and I suspect it got "gotten" by someone who has the same taste in caps as Ray.
Ray has not advised us of the status of his lost lid, but I`m sure we will get the full story at the luncheon.

I sure hope to see all the same smiling faces there that were present last time. I am particularly anxious to see Wayman Curry`s ride as he promised to ride his horse to the next luncheon since he only lives spittin` distance from Johnson City. Maybe Lee Meyners will drive his "Vette" this time since the weather is better and he won`t have to worry about getting a spot of dirt on it!

Sooo, be sure to mark your calendars for Wednesday, April 18 at 1130 for the next Hill Country LAC luncheon. We had a great gathering last time and hope to have a repeat with a few new faces as a bonus. I will try to remember to take a few more pictures of all the lies being told this time.

Hope everyone is enjoying the Spring weather in the Hill Country; it truly is a beautiful time of the year. You might even see some Bluebonnets on the drive to Johnson City.

See ya` soon,
Dave
