

The May Golden Contrails magazine has been published on the Golden Eagles website, www.thegoldeneagles.org, and the new password to access the magazine, the member rosters and the archived blast emails is **throttle**.

Please keep in mind that access to our website and its password protected features is a benefit of Golden Eagles membership. Anyone can access the website without a password, but the password is required to access the magazine, member rosters and archived blast emails features. If a member chooses to share the password with a non-member, we would encourage our members to do so with discretion and that an invitation to become a member be included.

The hard copy is being mailed to those who elected to have the magazine mailed to their residence via US Mail. The digital version of the magazine can be accessed on line on the Golden Eagles website, the Contrails section and the Magazine Download subsection.

Thanks again to President Elect and Contrails Editor Gary Small for another great issue of the magazine and to Webmaster Bruce Sprague for keeping our website up to date.

Dave Newell
