

It seems that a gremlin found its way into our database software and as a result the originally published Member Roster, short version, was corrupted. Some of the data was chopped off at the edge of the page and was not usable. But our crack internet technology (IT) team, consisting of Gary Small, David Rossetter and Bruce Sprague conspired to fix the problem. Actually, Gary came up with the fix this time.

So, if you have already downloaded the rosters to your computer (desktop, documents, etc.) for easy access, you may want to download the corrected version from our website, www.thegoldeneagles.org, [Membership Section, Roster Download section](#), to replace the corrupted version. The "long version" of the rosters was not affected.

We are sorry for the inconvenience this "glitch" has caused, but as the

Scottish poet Robert Burns said in his poem, "To a Mouse",
"The best-laid schemes o' mice an' men gang aft a-gley
[go often *astray*]." It appears this applies to retired pilots as well! 😊
