

Kingwood LAC Meeting Report, Sept 12, 2017

Today we met in Humble at the SPRING CREEK BBQ not expecting much of a turnout, given the number of affected GE members with flood damage. We had no choice but to move our weekly meeting since our old faithful venue will not open until Thanksgiving or later. We want to use the meetings as a conduit of support, helpful contact, ideas, etc. for our Harvey victims. We expected perhaps 6-8 folks tops. WRONG! We filled our half of the private party room with a solid head count of 19 people. The ratio of victimized to lucky was about 50-50%. Another surprise was the visit of four old friends from the Woodlands LAC listed below who chose to attend.

LAC members from The Woodlands visiting today: Sandy Salibo s2sbo@earthlink.net Bob Steider Steiderbob@aol.com; and Kent Balzer kentb737@yahoo.com. Also visiting was Tip Fuller, The Woodlands LAC leader. Captain Claude Perret, who has been a stalwart member of our solid core group in KW, offered to host another party at his home as he has done several times in the past. That livened up the luncheon, which lasted from 1115 to 1300.

Claude mentioned a party date in October. We did not wish to pee on the plan, but will visit the date question off line.

We will ask the SPRING CREEK BBQ folks to reserve the party room again next Tuesday, for another KW LAC luncheon, at 1130.

My wife and I plan to visit family and friends during this month. Thanks again for keeping the flame lit during this difficult time.

Bill Chambers
