

TO: All Pilots

SUBJECT: "Golden Contrails" - Combined Fall & Winter Issue, 1967

FROM: M. P. Barnwell, Director - Flying

In this issue of the "Golden Contrails", besides the technical articles we always feature, we thought we'd give you a glimpse of Continental history.

Some time ago, we wrote letters to the first 100 pilots on our CAL Seniority List and asked them to submit a photo of themselves -- preferably in CAL uniform and taken at least 5 or 10 years ago -- for use on the "Golden Contrails" cover.

We had no idea of the tremendous response we would receive. Everyone of the 100 pilots willingly pitched in with photo contributions. They arrived in a literal flood and in every conceivable form -- ranging from an 8mm movie clip to a 12 x 17 glass-framed studio portrait.

It was immediately apparent to us that we couldn't follow the format we had originally conceived. There were just too many "good" photos! Some were historically noteworthy -- some were humorous -- we only wished we could have shown all of them.

We picked those we thought you'd like. They're number-keyed for easier identification and the list on page 34 will help you further. In addition, we've placed other interesting photos for you to look at on pages 6 through 9. And finally, if you've looked at the latest published CAL Seniority List, you might like to see what the first original list looked like (on page 5).

And to those fine gentlemen who've let us have a glimpse of themselves and allowed us to stroll down memory lane, our deepest thanks.

M. P. Barnwell
