

Golden Eagles President Gary Small has requested that the following information be sent to our members, some of whom have been affected by this recent issue.

Health Retirement Alert Follow Up

Last month we issued an alert regarding the hacking of some UAL Health Retirement Accounts (HRA). Since this was posted, we have received additional reports of unauthorized account withdrawals. One member reports that a wire fraud investigation has begun at the custodian bank (UMB in Kansas City 866-520-4472) and affects Schwab and UAL spending accounts. It would seem that there may also be grounds for federal felony prosecution, but it is unclear whether that will happen.

Currently, we are unaware of any restitution of funds having been made to affected members. While the Golden Eagles takes no official position in matters such as this, given the apparent lack of corrective action by the responsible parties, we do encourage members with post-merger HRAs to CAREFULLY

review their accounts and follow up assertively with UAL, Alight, UMB and federal and local law enforcement if discrepancies are discovered.
