

The sad news that former Continental pilot Steve Wyman has taken his last flight West was just received from Golden Eagles member Russell McKnire. Russell's email is posted below. This is all the information we have at this time and if anyone has further details please forward them to davebnewell@gmail.com for dissemination to the Golden Eagles membership.

Steve was not a member of the Golden Eagles, but this notice of his passing is being sent to our members as a courtesy to his family, his memory as a fellow Continental pilot, and to those of us who may have known him during our airline careers. The Golden Eagles sends condolences to Steve's family and wishes them peace and comfort at this difficult time.

Russell McKnire's email:

I received a call this afternoon from Robert Caswell, a retired CAL pilot who I have known for ten years. He told me that his good friend Steve Wyman, a retired CAL pilot, died on Saturday, 11/18/2017. Robert has not received any information as of yet from Steve's wife. Steve had undergone back surgery that did not turn out well. They lived some where in Missouri according to Robert, yet he was not sure where. Steve was a graduate of the Air Force Academy. Robert asked me to contact the Golden Eagles and hopefully some information can be received and sent out to Golden Eagles who knew Steve. Robert Caswell's phone # is (303) 522-7079 and you might be able to retrieve more info from him.
