

The sad news that former TI and Continental Airlines pilot Captain Ron Bloecher flew West recently was just received. Posted below is the email notice received from Ron`s family.

From Captain Bloecher`s family:

Please feel free to share the below with your group. If anyone knew my Dad from back in the day, we would certainly be glad to hear from them and any memory they may like to share. His career spanned from Trans Texas Airways, to Texas International, to Continental. He flew the DC-3, a Convair 600 and ended his career as Captain in a DC9.

Please use this email address, hrnorth22@aol.com, if you or anyone would like to contact us.

Thank you,
Ronnie Jr.

Captain Ron Bloecher Sr.

Born: March 29, 1938

Died: July 26, 2021

From the beginning of his childhood, Ron was fascinated with flying. It became his passion and his dream to one day become a pilot. In early December 1962 he went up on his first flight with a friend in a 1946 Ercoupe. By the end of that month he had logged his first flying lesson in a Cessna 172 at Hull Field in Houston, Texas. Just 3 ½ short years later he was hired by Trans Texas Airways and checked out as First Officer on a DC-3. He flew his first TTA flight on June 6, 1966. I am proud of my dad for pursuing his dream and making it a reality. Even though he stopped flying many years ago, his love of flying continued his entire life.

He is survived by his Wife/High School Sweetheart of 64 years Gloria, 2 Children, 1 Son-In-Law, 2 Grandchildren and 7 Great Grandchildren.
