

Additional tributes to Captain Bill Leeper have been received and are posted below.

Rick Masterson:

Had the honor of having Capt. Leeper has my CP LAX in the early days of the 737-300 program as a FO. Never a finer man. I'm still currently flying with United.. since those early days I've had the "opportunity " to exchange pleasantries and ideas with many base CP's ... many of them good people .. but I always walk away thinking "you`re no Bill Leeper". RIP Captain; you are forever one of my career MVP. My blessings to your family during this time. You will be / are missed. Thank you for all your career support and friendship .

Cheers

John Solomon:

Jay Meinen:

Bill Leeper was a great guy. I was fortunate to fly with him as a brand new second officer. He was giving IOE to a new captain. Later I got to serve as his first officer. He was so patient and always smiling. He was a true joy to fly with.

Jerry Hunsinger:

Bill Leeper and Jerry Schofield were checking out in the brand new recently arrived first DC9-10 - IP Frank Mills - when I took my pre-employment check ride in 1966. From that day on I was privileged

to know this fine man and true professional. He will be missed.

Vince Liscano:

Bill was a class act and a solid anchor to the DEN base and CAL in general. A true pro in a stable of pro's that I was privileged to work with. Grateful for his positive influence on my career and wish his family the best. Rest In Peace old friend.
