What a great person! One of those who made me proud of being a CAL pilot. RIP my mentor and chief. You were one of the great ones. ☐

I knew him well. He will be missed. Tony Simon

Dianne Myers:

Such sad news. Bill Leeper was another of the GOOD GUYS.

Frank Eby:

A very sad day indeed- I owe my Airline career to Bill Leeper. God Bless him !

Casimer Zabinski:

A nice guy and sorry to hear of his passing.

Wayman Curry:

The photo of Bill says it all! I never saw him when he wasn't smiling!! If not the best, then one of the best Chiefs we ever had, and an excellent Line Pilot as well. His family can be extremely proud of the man and his accomplishments.

MAY GOD REST HIS SOUL

Dave Newell:

I got to know Bill well when we shared a room in Seattle as we were among the initial cadre training of 737 instructors and chiefs. During our training and checkout Bill was always pleasant to be around and displayed a tremendous degree of professionalism in all that he did. I could not have asked for a better training partner and I am honored that I could call him a friend. I, like so many others, are fortunate to have known this fine man.
