

Notice has been received of the passing of former Continental pilot Richard Berry. We now have contributors from the airline industry who monitor the passing/obituaries of airline pilots and share this information with us. One of these contributors is Sharyn Finnegan and she has provided the following information about the recent death of Richard Berry. The Golden Eagles sends its condolences to Richard`s family.

Richard Berry was not a Golden Eagles member, but we are providing this notice of his passing as a courtesy to him, his family and to our members who may have known and flown with him during their airline career.

The following email was received this morning from the now widow, Mary Jane Berry, wife of Richard Lee Berry. It isn't an obit but it does have service times. Dick was BN 66-82 and CAL 85-93.

Dick died Feb 7

I haven't written obituary but must -

The burial will be 9a.m. Monday Feb 19 at National Cemetery

Funeral afterwards at North Dallas Funeral chapel 10:15 or when we get there.

Warm time together. Scripture and words from friend and one time pastor, Hal Habecker, some family members remembrances, video a son is putting together, Navy Hymn and afterwards we are meeting at daughter's house on Desco.

I couldn't have asked for a sweeter time than the whole day Feb 7 when he died. He was awake when I got there at 7:30a.m and I could speak with him. Isn't it wonderful, Dick, when God looks at us he doesn't see any sins - he sees us pure because of Jesus' blood covering us? Think of how wonderful it will be to see family and so many we love already in heaven and Jesus will be the first to welcome you with open arms. We all love you and God loves you most.

Different family members came and talked to him. At around 10 that night a grandson prayed and I prayed right close to his face and within 2 minutes his breathing became peaceful. He died at 10:34pm. Free!

When I told our youngest daughter, Rebekah, who has Down Syndrome, she said, "Daddy is at Home with DADDY. When you're Home that's where love is.
