

Hi guys,

Just a quick update with the names of those confirming their attendance at the luncheon at the Pecan St Brewery on the 17th. We have had 18 confirmed attendees, and 2 "*maybe, but will attend if back in town*" replies.

Those definitely attending are Ray Booth, Charlie Brame, Wayman Curry, Hank Dubuy, Don Gentry, Jerry Greenamyre, KD Jost, Dave Judson, Ben McKenzie, Carey McWilliams, Lee Meyners, Dave Newell, Harold Sheads, Hans Vogelpohl, Buck Wroten, Cass Zabinski and Al Zambrano. Paige Seats, who probably forgot to renew his Golden Eagles membership, is coming as a guest of Don Gentry. The two maybes are Paul Shelton, if he gets back from Arizona in time, and Dave Gildart, if he returns from a trip he is flying in time. Jim Slaughter had previously mentioned he was coming but I have not received a confirmation from him.

It looks like I blew my previous weather forecast for Wednesday! They are now forecasting colder temps but doesn't look like any precip forecast. Due to the frigid temps, Gentry will probably not display his athletic prowess by jogging to the lunch in his shorts and tennis shoes...too bad, I know some of you were looking forward to seeing that! Maybe he will tough it out and decide to make the run anyway in his muskrat overcoat! 😊 Thanks for letting me pick on you Don...just setting the tone for the lunch and you know we love you!

Looking forward to seeing everyone, and be careful on the roads...they may be a bit slick if there has been any precip.

Dave
