

Hi guys,

At the bottom of this message is a link to an updated list of those attending the Jan 16 lunch in Johnson City. Those in red have confirmed. All is set for the lunch at the Pecan St. Brewery. We will be having two former CAL pilots as guests in addition to our regular members, Alan Sawatzky and Bill Eaton, guests of

Buck Wroten, so blame him if they don't behave!

Just kidding of course, if they are friends of

Buck, they must be great guys.....right....right??

Give them a warm welcome and maybe they will join our band of bandits since they reside in the Hill Country area. Remember, anyone can bring guests if they are potential members, or not, but preferably as potential members.

Bob Shelton and Dave Gildardt are maybes if they can get out of other commitments, but they are trying and hopefully they will be able to grace us with their presence. Hopefully a few others will be able to commit. Will have one more update just prior to the lunch.

See you all on the 16th,

Dave
