

Hi guys,

Just a reminder that the next lunch for the Hill Country LAC is still on for the Pecan St. Brewery in Johnson City, TX on Wednesday, January 15 at 1130. There have been fewer affirmative responses for attendance than we have had previously, and here are the names of those who confirmed they will attend: Dave Newell, Bruce Harris, Buck Wroten, Ray Booth, Paige Seats, Hans Vogelpohl, Dave Judson, Cass Zabinski, Ben McKenzie and Lee Meyners. Perhaps a few more may decide to attend and as always there will be room for any who wish to show. Gentry can't make it due to a conflict with his weekly ballet lesson Just kidding of course; Don is attending a memorial for a friend who recently passed away in Denver. Safe travels Don; see you next time.

It does appear that since our first luncheon a couple of years ago (time does fly when you are having fun!) the interest level of our LAC members in attending the quarterly luncheons has diminished somewhat (probably due to the fact that the dancing girls haven't shown and the beer was not free). Please give some thought as to whether you would like to continue the quarterly lunches or if perhaps you would prefer to just have one annual get together. The luncheon schedule is certainly not "cast in stone", and we can adjust the program to adhere to the desires of the group. The "spouses included" barbecue lunch at Ray Booth's party barn on Lake Travis the last two years in October seemed to be quite popular and Ray has indicated that we are welcome to gather at his place again if desired. If you have any "druthers" on this issue please let me know. We can kick it around a bit at the lunch on the 15th.

I know that interest in these kinds of things can diminish over time, so if we want to modify the details of the luncheon program, or discontinue it altogether, that is a group decision. The reason for the gatherings is for the benefit and enjoyment of the members, so if there is no continuing interest, then we should discontinue the program. Of course scheduling conflicts can and do occur, but just sayin'
Whatever the group wants to do is fine with me (I just work here!)

See you on Wednesday the 15th.

Happy NewYear,
Dave
