

August Golden Contrails Online

For those members who opt for hard copy of the magazine, the August Edition of the Golden Contrails left the print shop for the Post Office on Tuesday of this week (July 24) and will arrive at your designated "home address" as determined by the vagaries of the bulk mail process.

In pursuit of creating the highest quality PRINT version of the Golden Contrails, I have been using relatively high resolution photos and other graphics. There was an unexpected result when we attempted to upload this edition, (with Convention 2018 photos) to our website, that exceeded a file size limitation. As a result, we had to split the publication into two Parts of 26 pages each. Although the page NUMBERS are equal, the file sizes are NOT. Accordingly, Part 1 is much larger in file size and takes longer to download than Part 2. An additional unexpected result of splitting the file is that Part 2 renumbered the pages all over again beginning at Page 1, (rather than Page 27).

I COULD have fixed THAT, but it would mean significant reformatting...
(and I'm just a "volunteer"!)

Unless you are the only pilot who NEVER "salvaged" a "high and fast" approach, you should be able to use those skills to "make it work".

To download this Edition:

1. Go to our website www.thegoldeneagles.org
2. CONTRAILS tab
3. Magazine DOWNLOAD
4. Enter the NEW password. **stall**
5. Scroll down and click on the Green [Golden Contrails Aug 2018 Part 1 \(and part 2\)](#)
6. Be patient while Part 1 downloads (Bruce said that it took 4 minutes for him and he is a Guru in all things computer). Part 2 is quite a bit faster.

I will keep the file size under the limit in future editions...(maybe).

I hope you enjoy this edition of your Golden Contrails, especially with the photos of the brave souls willing to pose for our cameras. Remember, I need YOUR Crew Room Update if you haven't already sent one.

Thanks,

Gary
