

This email is being sent to our Golden Eagles members in response to an email we recently received from a journalist who is seeking information regarding the inflight sabotage and the subsequent crash of CAL Flight 11 on May 22, 1962. She is interested in interviewing crew members who have flown the 707 and were flying the line around the time of this tragic event in 1962. If you were a flight crew member at that time, and would like to share any information you may have about the accident or the 707 in general, please respond to Diana Bowman as indicated in her email below.

If you do respond to this request from Diana Bowman, please indicate that your response is from you as an individual and not as a representative of the Golden Eagles organization. We have not provided Ms Bowman any personal contact information for any of our Golden Eagles members and will not do so. The Golden Eagles does not endorse any publication or any information presented in any of the publications produced by Ms Bowman, and we are providing this information to our members for informational purposes only.

Diana`s email:

Dear Golden Eagles.

My name is Diana Bowman. For the past two years, I have been researching and writing an Investigative novel regarding the bombing of Continental Airlines flight 11 on the 22nd of May 1962. I came across the website for the Golden eagles a few months ago when I read the small article published about the loss of flight 11. As part of my research I've been trying to track down former Continental Airlines employees who were present in 1962. I've also been looking to Interview some former 707 pilots to interview regarding their experiences flying the aircraft as well as the operation procedures and technical specifics. I was also wondering If you might be able to pass on some contact details for those who would be interested in helping as part of my research. Thank you for your time and I hope to hear from you soon.

Regards, Diana.
