

Please take note of the following email from Golden Eagles member Guy Casey`s family regarding his current health situation. The Golden Eagles sends its` best wishes to Guy and his family and wishes Guy a speedy recovery.

Dear Family and Friends of Guy Casey,

This is a difficult email to write, but we are reaching out to update you on our Dad`s health. Dad had a cold in January that progressed to pneumonia and required a visit to the ER. When he was in the ER, it was found that his heart was in an abnormal rhythm, A Fib (Atrial Fibrillation). Once he was improving from the pneumonia, the doctors prescribed a blood thinner per standard treatment for A Fib. Unfortunately, his heart didn`t improve and the blood thinning inadvertently caused 10 microbleeds in his brain, which caused cognitive confusion. He was hospitalized for 3 weeks due to his heart condition. While in the hospital, tests also showed that prior to the brain bleeds, he had some atrophy in various areas of his brain that were not repairable. After the doctors had stabilized his heart condition, he was then in a heart rehab hospital for an additional 3 weeks to regain physical strength and stamina.

Dad is back in his retirement community at Windcrest, although he is in a different building that provides Memory Care support so that he has assistance available at all times. Although he is physically stronger – and still ridiculously good-looking – his brain has been permanently impacted.

He has a new phone number (303) 801-1358, and will best be available to take calls from around 10-

11am, or 6:30-7:30pm MST. There is not a voicemail, so please try again if you don't reach him. He would love to catch up with his family and friends, so please call or write! He loves to talk about old times and memories, kids and grandchildren stories. He is often confused about the present and has delusional thinking; please don't be surprised or disappointed if he is disoriented if you talk with him. Talking about the past is a good way to center him.

He cherishes cards or letters and his new address is:

3420 Mill Vista Rd, Apt #1419

Highlands Ranch, CO 80129

If you would like to visit, it would be best to coordinate this with Christine (christinecasey@comcast.net or 303-819-9878). Please do not use email or text to contact him, as he is not using a cell phone or the Internet.

Thank you for your continued support of Dad!

Daneen, Scott, Holly and Christine

(The Casey clan)

Dave Newell
