

CAL LOL/LTD Distribution of Excess Assets Notice

Golden Eagles member Captain Mark Kelly has provided a copy of a notice from United regarding the planned distribution of excess assets to former participants in a CAL LOL/LTD Plan. Please note that this process only affects a relatively few of the former CAL pilots, those who expressly participated in the program. If you are affected, you should have been so advised previously and likely have been notified of this information independent of this Golden Eagles notice. ***If you are not aware of the program, then you most likely are not affected and have no distribution payment coming. The current notice is also a request for participants to ensure their contact information is current.***

This information is being shared with our Golden Eagles members as a courtesy to those few members who may have been participants in the program and for some reason have not received this notice. If you are not aware of this program, then you were likely not a participant. Please do not contact your Golden Eagles officers for more details since we were not participants, are not

a party to any of the information and have no first hand knowledge of the process.

The notice as provided to us by Mark Kelly is posted below:

*Here is more valid info from United this time on the LTD payments. Regards,
Mark Kelly*
