

Golden Eagles member Joe O`Neill has provided the sad news that Golden Eagles member Ed Gorman was recently diagnosed with a serious illness. Joe`s message is posted below. The Golden Eagles sends its best wishes to Ed and his family and wishes them peace and comfort during this difficult time of illness in their family.

Joe O`Neill`s email:

Folks, This is a message I had not wanted to write. Talked to Ed yesterday and he's still in Mayo Hospital but expects to go home today. It's cancer and Ed said he's had some surgery and has agreed to some chemo to get a few more quality days. In Ed's words "it looks like I'm headed down that road." I've included their address for those who would like to send cards of encouragement to Ed and of course to Alice. Prayers would be appropriate. Joe

Ed and Alice Gorman
