

Here are two additional tributes that were received for Hans Muller.

From Claude Perret for Hans Muller:

I met Hans on the tarmac in Naples.

We talked several hours and we saw that both of us had some similar course in life.

Both of us were "Ausland Schweitzer "

(born abroad from Swiss parents.)

He took my resume to Charly Bare like he did for so many.

Hans was a wonderful gentleman and friend and will be remembered fondly by the pilots and flight attendants.

He was the light of the party.

RIP my dear friend and may we meet again in a better life

Claude Perret

From Frank Longo for Hans Muller:

Remembering Hans Muller. The loss of a great friend and excellent aviator with a highly refined sense of humor. Hans was the Captain's Captain flying the B747 across the Atlantic and rendering his PA announcements in four languages. He was a IOE Check Airman in the 747 and later flew

the B757/767. A dedicated husband to his lovely wife Carol, they were no strangers to all the events at CAL especially the Golden Eagles annual conventions. Also NYAir and PBA
We've lost a dear friend and fellow aviator gone west.
Frank Longo
