Fellow Houston Pilots -

We are saddened to share the news that Captain Michael Carey recently passed away. Mike was hired by Continental in April of 1996, and most recently flew the 737 in Houston. He was 56 years old at the time of his passing.

Mike is being cremated and his remains shipped back to rural Virginia where his parents have resided for over 40 years. His remains will be buried in a family plot in Halifax, Virginia next to his father and where his mother and two siblings will be placed at a future date. The family has not yet announced if there will be a service or not. If they hold one, we will pass along the details.

Please keep the Carey family in your thoughts and prayers at this difficult time.

Additional information will be provided as it is received.
