

The Golden Contrails Magazine has been mailed and should be delivered soon. Those who have elected to receive hard copies in the mail should expect their copy in the next week or so. The postal service can be slow so be patient. The digital version has been posted to the Golden Eagles website and is available for download. The new password for accessing the magazine, the member rosters and the blast email archives is **flare**. The password is not needed to access the website itself, only the password protected sections previously mentioned. Access to the website is accomplished by simply entering the website address, www.thegoldeneagles.org, in your browser.

Thanks to our Magazine Editor Gary Small for all his efforts in getting the magazine out early to avoid the Holiday mail rush.

Dave Newell
Golden Eagles EVP/Email Coordinator
